Design Casters

Mobility is freedom. No wonder that the urge for freedom and mobility doesn't stop at the front door: Furniture on casters is the trend that is becoming increasingly popular.

For TENTE, as one of the leading caster manufacturers, reason enough to find new and innovative mobility solutions for the furniture and institutional markets.

The ICS 5320 Series draws attention to their functional and sleek design. High quality bearing and locking concepts ensure that they run effortlessly and stand securely exactly where needed.

Therefore, the 5320 Series casters are ideal for designer furniture, store fixtures, POP displays, medical and institutional equipment, carts and apparatus.
